

introducing ... the **Cottage Kit**

A great alternative to managing landfill cards at rental properties

If you rent your cottage on a weekly basis, you know the hassles of trying to manage your landfill cards. There is now a **convenient, affordable, simple solution** that your renters will appreciate as much as you will.

The Cottage Kit contains everything a family renting a cottage needs in order to manage their garbage and recycling for a week. Plus, it **includes a one-time Landfill Pass** that eliminates the need for a landfill card. No more having to back-track to the cottage to leave the landfill card for the next renters! That leaves more time to enjoy the cottage!

In the Cottage Kit your renters will also find,

- a Welcome letter providing a quick overview of our waste management programs, which may be a bit different from what they're used to at home
- 1 clear plastic bag for household garbage
- 2 clear blue plastic bags for recyclable containers
- 1 large paper bag for recycling fibres/papers
- *The Haliburton County Recycling Guide*
- A map showing the location of the landfill sites/recycling centres
- Landfill/recycling depot hours of operation
- Disposal fees and what materials are accepted where
- Information on our "Big Red" battery recycling program, and an
- MNR Bearwise Fact Sheet "*Don't invite bears to the cottage*".
